Construction

Programme Title

Painter

Programme Structure

Job Description

<p>The role of a painter is to protect and enhance any surface which requires a paint application and ensure that this is carried out to customer requirements and standards.</p>

<p>Ships have to operate in harsh conditions and salt water. Modern paint coatings, including the use of environmentally friendly paints are essential to the upkeep of vessels.</p>

<p>As an Apprentice Painter you will be exposed to a range of painting skills including the application of powder coatings, paint spraying, surface preparation, defect cleaning and sign writing.</p>

Wage

£13,325

Hours Of Work

37

Age Limit

16 - 19

Proposed Start Date

August 2018

Locations

Glasgow

Number of Posts

4

Qualifications Achieved

Duration

4 years

Summary

This is a minimum 3 year apprenticeship. A common basic training programme is delivered in year one, mixing theory with practical work experience. Vocational training along with college programme in the second & third year means it's a mixture of 'on and the job' training' and working on ships in construction in the yards and attending a block release programme at the local college.

The CITB require trainees in Painting and Decorating to complete a Trade Test after 1 year continued experience in the business.

Career Progression

Entry Qualifications

You need 5 subjects at National 4 including English, Maths and a science or technological subject.

Personal Skills

<p>You will be expected to be medically fit as deemed necessary to perform the role, be eligible to work in the UK and be able to successfully achieve security clearance.</p>
