# Applied Bioscience

University of the West of Scotland

## Venues

Lanarkshire Campus

## Content

Get ready to pursue a career in the biological sciences with UWS's BSc (Hons) Applied Bioscience programme.

You'll receive a general grounding in biological disciplines to underpin your knowledge and understanding before progressing to study more specialised and advanced bioscience topics.

Work-related learning combined with access to UWS's state of the art laboratories will prepare you for a wide range of career options.

Large amounts of practical work, experience with modern techniques and developing research skills are key strengths of the programme as is the option to undertake a work placement in year 3.

Employers regularly comment that UWS graduates have the necessary skills to contribute effectively and productively in the workplace.
