Steps Into Science (Level 4)

Glasgow Kelvin College

Venues

Springburn Campus

Content

This one-year, NQ Steps Into Science (Level 4), course introduces you to the main branches of science - Biology, Chemistry, and Physics - alongside essential skills in Mathematics and Communication. It's perfect if you're new to science or want to build confidence before moving on to higher levels of study.

You'll complete National 4-level units and take part in practical experiments that bring science to life. Supportive lecturers will help you develop your skills, explore different fields, and identify the areas of science that inspire you most.

Course topics include:

Biology; Chemistry; Physics; Investigation Skills; Mathematics; Computing; Communications; Study Skills.
