

Activity 2 Pension poster

The Government wants everyone to save towards their retirement, but for many young people starting out in their first job this may seem unimportant. There are so many other things to do with their money.

Can you design a poster that could be put in the staff tea room that will encourage people to save towards their pension? These links have been provided to help you.

- [Why save into a pension?](#)

You can use the area below to design your poster.

Once you have completed this activity and saved it to your device, remember to upload it to your [Planit portfolio](#) in the JSS Evidence section.
