

Activity 1 Your thoughts and experiences

If you've ever had a part time job, how did you find the experience of starting work and is there anything you would do differently to prepare?

If you haven't had a job yet, how much more confident do you feel about dealing with job offers and starting work after completing this module?

Once you have completed this activity and saved it to your device, remember to upload it to your [Planit portfolio](#) in the JSS Evidence section.
