

Delete - Making speculative applications

Module 11 explains how to prepare for making speculative job applications, by phone, letter or email. You can practise writing a letter.

Work your way through the [Making speculative applications Module](#), completing the activity. To get the most out of this module, we suggest that you complete the Planit Portfolio interactive tool. However, if you would prefer, you can complete the activity on paper first.

Teacher/Trainer Notes

If you are a teacher or trainer, view the accompanying [module notes](#), which include aims, outcomes and which career management skills and senior phase criteria the module meets.
