

## Sociology and Social Policy

University of Stirling

### Venues

Stirling Campus

### Content

The Sociology and Social Policy course will let you understand the way society works and the processes and outcomes of social welfare. You'll explore social differentiation and contemporary social issues, as well as looking at historical and theoretical perspectives on welfare. You'll also be introduced to the development of social theory and get lots of practical experience in methods of social research and analysis.

With our international and comparative approach, you'll study topics that analyse society and welfare issues in a range of countries. We have particular expertise on Scotland, the UK, the European Union, Western and Central Europe, Australasia, North America and Latin America.

### Start Date

September, January
