Content

Combine language study with real-world experience. Master French and explore global cultures. Put your skills into practice with a semester abroad in France, Switzerland or Canada.

This French degree builds your spoken and written French skills. You'll explore the history, culture and politics shaping the French-speaking world. You'll:

Develop your French language abilities whether you're a beginner or already advanced; Study exciting modules like French literature, cinema and culture of the Francophone world; Master translation and advanced grammar; Learn in small interactive classes; Develop professional skills that are highly valued in the global job market: critical thinking, research, cross-cultural communication.

You can combine French with subjects including Business Studies, Education, Journalism and Law.

In your third year, you'll spend a semester studying abroad in France, Switzerland or Quebec, Canada. This is your chance to take your learning into the real world. Develop your fluency and confidence by speaking to native speakers every day. It's also great opportunity to engage with different cultures.
