

Arts, Festival and Cultural Management

Queen Margaret University

Content

This course is suitable for graduates who wish to add a vocational management emphasis to their first degree and for those with equivalent professional qualifications or experience. You may find it particularly suitable if you studied the arts and humanities at undergraduate level and want to move into arts and cultural management. The course also works well for people with significant workplace experience who want to gain a formal qualification in a flexible manner.

The work of arts and cultural managers is becoming more complex and significant in our rapidly changing domestic and international environment. Cultural organisations and festivals are in a period of fundamental, pervasive and long-term change; managers must deal with a host of dramatic and often contradictory demands and challenges. There is a growing need for graduates with more holistic and integrated perspectives regarding the management of cultural organisations and the political, economic, social and environmental conditions in which they function.
