

## Computing

Edinburgh Napier University

### Venues

Merchiston Campus

### Content

As well as building on your existing computer skills and taking them to the next level, you'll learn to develop a critical understanding and an analytical approach to your choice of specialist areas.

With a strong emphasis on a digital business environments, we show you how to provide the best solutions for the company and the clients.

This programme is structured around three pathways as an inspiration for your programme:

Computing (Information Systems Development); Computing (Web Development); Computing (User Experience).

If you choose not to follow one of these pathways, you can compose your own theme to add networking, or security skills to your portfolio.
