

Construction (NPA)

Fife College

Venues

Dunfermline (Halbeath) Campus
Glenrothes (Stenton) Campus

Content

The National Progression Award (NPA) in Construction is designed to provide structured opportunities for you to experience the world of work and also to further develop your skills within your chosen craft. The opportunity to undertake work placements within the community may also be available during the programme which can culminate in an NPA in a specialism of your choice.

Topics include the following, but all trades may not necessarily be offered at both campuses:

Health and safety in the construction industry; Technical drawing/computer aided design (CAD); Information technology; Brickwork techniques; Carpentry and joinery; Decorative painting and finishes; Roof slating and tiling; Wall and floor tiling; The Core Skills of ICT, numeracy and communication will be developed and certificated on this course.
