University of the West of Scotland

Venues

Ayr Campus

Content

Years 1 and 2: In years 1 and 2, core modules cover subjects such as Lifestyles and Societies, Cultural Communication, and Inter-professional Working. These modules are available to all students at UWS, and you have the opportunity to work with students in other schools and faculties. In the first two years of the course, options are offered in the School of Education and in other schools. Placements in schools provide you with insight into the role of the teacher and the diverse range of professionals involved in the education and care of children and young people. They also enable you to begin to develop professional skills required.

Years 3 and 4: In years 3 and 4, you focus more on the theoretical knowledge and practical skills required for effective primary teaching. You become familiar with Scottish education and current initiatives in education. During periods of school placement, you are placed in a range of primary schools within local authorities in Scotland. Here, you gain professional skills to enable you to lead learning in pre-school and school.

Start Date

September

Qualification

Degree

Study Method

Full time

Award Title

BA Hons
