

Chemical Engineering (2nd year entry)

University of the West of Scotland

Venues

Paisley Campus

Content

Professionally accredited, and with paid placement opportunities, the BEng (Hons) Chemical Engineering offers excellent job prospects and the potential to help create a sustainable planet.

This course combines academic study, hands-on experience and group projects to ensure you develop the essential practical and communication abilities required by employers in the chemical engineering and processing industries.

Chemical engineering is at the forefront of the quest to produce clean energy and satisfy human needs across a number of areas in an environmentally friendly and sustainable way. These areas include pharmaceuticals, health, food, drink, oil, gas, petrochemicals, agriculture, fine chemicals and materials.

Start Date

September

Qualification

Degree

Study Method

Full time

Award Title

BEng Hons (Sandwich)

UCAS Code

H810

Course Length

3 - 4 years

Faculty

School of Computing, Engineering and Physical Sciences

Department

Engineering

Entry Requirements

2025 entry requirements

Entry to year 2 is possible with Advanced Higher Maths, Chemistry and Physics at CCD.

SCQF Level

10

SCQF Points

«SCQFPoints»

Progression Routes

Chemical engineers are consistently among the most highly paid graduates of any subject, due mainly to their major responsibility for capital investment projects.
