

## Physics

University of the West of Scotland

### Venues

Paisley Campus

### Content

The professionally-recognised BSc Physics degree will develop your understanding of the fundamentals of physics as a core science, and will build your knowledge and professional skills to prepare you for a career in any area of physics, including industrial applications and academic research.

UWS is a key member of Scottish Universities Physics Alliance (SUPA) which is a research alliance with the aim of placing Scotland at the forefront of international physics research. You can be assured that you will be taught by research-active academics who are specialists in their field.

In addition, you will also have the opportunity to undertake a 12-month paid placement with an industrial or scientific employer in the UK or abroad.

### Start Date

September

### Qualification

Degree

### Study Method

Full time

### Award Title

BSc Hons (Sandwich)

### UCAS Code

F300

### Course Length

4 - 5 years

### Faculty

School of Computing, Engineering and Physical Science

## Department

Physical and Chemical Sciences

## Entry Requirements

2023 entry requirements

Standard entry:

4 Highers at ABBB including Maths and Physics or Maths at B plus Physics at National 5 at B. English also required at National 5.

Entry to year 2 may be possible with 3 Advanced Highers at CCC including Maths and Physics.

Widening access entry:

4 Highers at BBBB including Maths and Physics or Maths at B plus Physics at National 5 at B. English also required at National 5.

## SCQF Level

10

## SCQF Points

«SCQFPoints»

## Progression Routes

There is always a strong demand for graduates in physics from technology based industries in Scotland and elsewhere. These industries cover areas such as telecommunications, optics and energy, a topic of hugely growing interest because of global warming.
