Computer Networking

University of the West of Scotland

Venues

Paisley Campus

Content

The BSc (Hons) Computer Networking is professionally recognised by the British Computer Society and will provide you with the skills, knowledge and experience needed to work in this exciting and ever-evolving field and help keep all aspects of modern life connected.

You'll discover how networking hardware and software work together to keep people and organisations connected, and support the wide range of services we expect our networks to provide. You'll cover the curriculum of the CCNA professional certification, explore Windows and Unix/Linux system administration and learn about data security and network management.
