

## Engineering Management (3rd year entry)

University of the West of Scotland

### Venues

Lanarkshire Campus

### Content

The BEng Engineering Management course sets up graduates for an engineering career in a continuous improvement, planning, supervisory or project management role.

The course will develop your technological problem solving skills and your organisational, planning and management abilities, providing you with the knowledge to successfully oversee complex engineering projects from start to finish.

One module would be taken each term along with the full-time students. These modules would be delivered on a Wednesday afternoon. If students want to take additional daytime modules from the programme then this could be accommodated by arrangement'.

### Start Date

September, January

### Qualification

Degree

### Study Method

Full time

### Award Title

BEng Hons

### UCAS Code

H703

### Course Length

2 years

### Faculty

School of Computing, Engineering and Physical Science

## Department

Engineering

## Entry Requirements

2022 entry requirements  
Relevant HND

## SCQF Level

10

## SCQF Points

«SCQFPoints»

## Progression Routes

The University has an established reputation for producing competent and responsible engineering graduates who are sought by the industry.
