

Occupational Therapy (Post-Registration)

Queen Margaret University

Content

This course will give you the knowledge and practical skills that you need to develop a new career as an occupational therapist in two years. It is delivered full-time and you will complete a number of placements that enrich the learning experience and prepare you for a diverse practice context.

This course attracts people holding a relevant undergraduate honours degree who wish to change career and become an occupational therapist. It is an intensive professional programme of study; developing theoretical, analytical, practical, evaluative and reasoning skills as well as professional values. The course is unsuitable for applicants already holding a qualification in occupational therapy.

You can exit after stage 1 with PgCert Occupational Therapy (Post-Registration)

You can exit after stage 2 with PgDip Occupational Therapy (Post-Registration)
