

Occupational Therapy (Post-Registration)

Queen Margaret University

Content

Are you a qualified occupational therapist looking to develop your knowledge and evolve or change your career direction? This highly respected course offers an excellent choice of modules to help you fulfil your career goals and you can study full-time or part-time to fit in with your current commitments.

On this course you will focus on developing your knowledge of the evidence-base in practice and deepening your critical thinking, professional reasoning and research knowledge. It is designed to suit occupational therapists from a wide range of settings and to give you the support you need to redefine your career as an advanced practitioner in education, research or management.

You can opt to study for the full MSc, a PgDip, or PgCert.
