

Radiography and Oncology

Queen Margaret University

Content

This course will give you the theoretical understanding and practical skills you will need to build a rewarding career as a therapeutic radiographer. Practice placements are an integrated part of the course and allow students to put their theoretical knowledge into practice. This is an undergraduate Master's course which provides an option to transfer to the BSc (Hons) route at the end of Year Two. There are very high employment rates for graduates of therapeutic radiography.

Year One: Anatomy and Physiology; Becoming an Allied Health Professional; Developing Resilience of Self and Others; Introduction to Radiotherapy Practice; Radiotherapy Practice 1; Finding your Academic Voice.

Year Two: Health Coaching Conversations; Developing a Spirit of Inquiry; Cross Sectional Imaging Science; Radiotherapy Practice 2; Radiotherapy Placement A.

Year Three: Active Citizenship; Health Literacy; Less Common Cancers in Radiotherapy; Theoretical and Clinical Approaches to Multidisciplinary Team Working; Understanding and Appraising the Evidence for Practice; Radiotherapy Placement B.

Year Four: Advancing Practice in Radiotherapy; Applying Skills of Critical Enquiry; Evidence Informed Practice; Leadership and Enterprise in Healthcare; Radiotherapy Placement C

Start Date

September
