

Mental Health Nursing

University of the West of Scotland

Venues

Lanarkshire Campus

Content

Designed for graduates with an appropriate degree in health, biological or social sciences, nursing or a related subject wishing to change careers, this programme will prepare student nurses for professional registration. There is a strong evidence-based focus which develops existing knowledge and research skills and you will engage in a combination of theory, clinical simulation, reflection, personal development planning and practice learning experiences. Ongoing assessment, practical experience and clinical simulation will develop nurses who are fit-for-practice.
