

Health Studies

University of the West of Scotland

Venues

Off campus

Content

The course consists of a menu of core, option and independent study modules, set within a framework of inter-related themes such as: contemporary issues; role enhancement; and evidence-based practice.

The modules reflect contemporary issues of relevance for all healthcare professionals and are mapped against the core and specific dimensions of the NHS Knowledge and Skills Framework, which are equally applicable to many professional and organisational groups.

You will also have the opportunity to select areas of particular interest that are meaningful and relevant within your own organisation/work setting.

You can exit after 36 months with PgCert Health Studies

You can exit after 48 months with PgDip Health Studies.
