

Healthcare Management

Edinburgh Napier University

Venues

Sighthill Campus

Content

Learning, teaching and assessment methods focus on providing students with engaging and contemporary materials which link practice and theory and challenge students to take a critical perspective on both.

The programme will prepare you to work effectively within the complex and rapidly evolving environments of health and social care, and provide the opportunity to enhance your knowledge and skills within a broad international context.

Subjects include:

Leadership and finance for effective service delivery; Contemporary human resource management; Organisational Change and Management; International Health and Social Care; Clinical governance and improvement practice; Exploring evidence to improve practice; Healthcare Management Project.
