

Applied Biomedical Science (accredited by IBMS)

University of the West of Scotland

Venues

Lanarkshire Campus

Content

Enter a career at the forefront of modern healthcare with UWS's BSc (Hons) Applied Biomedical Science programme.

This programme has been developed to provide a pathway to becoming a professional biomedical scientist. You'll complete modules in biology, chemistry and statistical analysis – which will underpin your knowledge and understanding – before progressing to study advanced aspects of biomedical science.

Biomedical scientists play an essential role in the identification of diseases and improving the provision of healthcare.
