

## Applied Biomedical Science (accredited by IBMS)

University of the West of Scotland

### Venues

Lanarkshire Campus

### Content

The UWS BSc Applied Biomedical Science has been developed in partnership with the National Health Service and the Health and Care Professions Council (HCPC), providing a route for you to become a professional Biomedical Scientist, working in NHS-accredited hospital laboratories. With a career in Biomedical Science – taking in research, diagnosis, treatment and disease prevention – you will work at the forefront of modern healthcare.

Hospital laboratories play a vital role in the diagnosis and treatment of patients, with biomedical scientists carrying out tests on clinical specimens, with timely and effective analysis of results informing the effective diagnosis, monitoring, treatment and prevention of disease by medical staff.

This course will ensure that you gain the knowledge, skills and experience to play a leading role in the modern healthcare sector.

### Start Date

September

### Qualification

Degree

### Study Method

Full time

### Award Title

BSc Hons (Sandwich)

### UCAS Code

C910

### Course Length

4 - 5 years

### Faculty

School of Health and Life Sciences

## Department

Life Sciences

## Entry Requirements

2021 entry requirements:

4 Highers at BBBC including Biology or Human Biology plus English and Maths at National 5.

Entry to year 2 may be possible with 3 Advanced Highers at BBC including Biology plus Chemistry at National 5.

## SCQF Level

10
