

Biomedical Science/Applied Biomedical Science (accredited by IBMS)

University of the West of Scotland

Venues

Lanarkshire Campus

Content

UWS's BSc (Hons) Biomedical Science programme will equip you with the skills and experience needed to play a vital role in modern healthcare provision.

This programme has been developed to provide a pathway to help you become a professional biomedical scientist.

You'll complete modules in biology, chemistry and statistical analysis – which will underpin your knowledge and understanding – before progressing to study advanced aspects of biomedical science.

Biomedical scientists play an essential role in the identification of diseases and improving the provision of healthcare.
