Applied Bioscience and Zoology

University of the West of Scotland

Venues

Lanarkshire Campus

Content

Get ready to pursue a career in the zoological sciences with UWS's BSc (Hons) Applied Bioscience & Zoology degree.

You'll receive a grounding in biological and environmental science before progressing to study more advanced bioscience topics.

The programme will equip you with the practical and transferable skills for a rewarding career in the life sciences sector in Scotland or abroad.

The highly qualified and experienced team will deepen your understanding of bioscience and the range of career options and professional accreditations available to you upon graduation.
