

## Biotechnology

University of the West of Scotland

### Venues

Lanarkshire Campus

### Content

The programme will develop your knowledge and understanding of a range of theoretical and practical skills relevant to the biotechnology industry; advance your understanding of the industry; and grow your research skills.

Your understanding of the principles of commercialisation in the biotechnology industry will be developed through either a bioindustry or work-related learning module. This combination of theory and practice will fully prepare you for employment in the biotechnology sector or for progression to further research.

The University's Institute of Biomedical and Environmental Health Research (IBEHR) brings together life, physical and environmental scientists in a holistic approach to research. Your research skills are developed throughout the programme and applied in the individual research project.

### Start Date

September, January

### Qualification

Postgraduate Master's

### Study Method

Full time

### Award Title

MSc

### Course Length

12 - 18 months

### Faculty

School of Health and Life Sciences

### Department

Life Sciences

## Entry Requirements

You must have gained a 2:2 BSc Hons or equivalent in Bioscience, Biotechnology or a related science degree.

## SCQF Level

11

## Progression Routes

«ProgressionRoutes»

## Combination Courses

«htmlCombinationCourse»

«htmlCombinationUCASCode»

## Address

Paisley  
Renfrewshire  
PA1 2BE
