

## Environmental Health (2nd year entry)

University of the West of Scotland

### Venues

Lanarkshire Campus

### Content

Take your first steps in your career as an environmental health professional with UWS's BSc (Hons) Environmental Health with Professional Practice.

This professionally-accredited degree has been developed with input from industry experts, local authorities and the Society of Chief Environmental Health Officers in Scotland and is the only one of its kind in the UK.

You'll explore how the natural and built environment impacts on human health and learn how to keep people safe and healthy using science, technology, law and professional practice.

This degree will provide you with an underpinning of the basic sciences and environmental health before allowing you to focus on specialist subjects of your choice.

### Start Date

September

### Qualification

Degree

### Study Method

Full time

### Award Title

BSc Hons

### UCAS Code

B911
