

## Biomedical Science (accredited by IBMS)

Abertay University

### Content

Biomedical scientists are responsible for conducting vitally important scientific tests, which underpin the diagnosis and treatment of human disease. This cutting-edge scientific analysis contributes greatly to the clinical outcomes of patients.

Taught by a combination of academic experts and clinical professionals, this wide-ranging programme is accredited by the Institute of Biomedical Science (IBMS)

After following a common pathway for two years, you'll take either the Standard or the Applied programme route. The Applied route includes an 18-week placement, some taking place in award winning laboratories, and is particularly relevant for those keen to become a Biomedical Scientist in the NHS. The Applied route is Approved by the Health and Care Professions Council (HCPC).

MSci Biomedical Science route - subject to approval: The university plans to introduce an MSci integrated Master's degree, allowing students to progress to a 5th year of study, focussing on a specific area of their programme in more depth.

### Start Date

September

### Qualification

Degree

### Study Method

Full time

### Award Title

BSc Hons/MSci

### UCAS Code

B901

### Course Length

4 years

### Faculty

School of Applied Science

## Department

Science

## Entry Requirements

2022 entry requirements:

Standard entry: 4 Highers at BBBB including Biology or Human Biology plus English, Maths and Chemistry at National 5.

Widening access entry: 3 Highers at BBC including Biology or Human Biology plus English, Maths and Chemistry at National 5.

Entry to year 2 is available with 3 Highers at BBB including Biology and Chemistry.

## SCQF Level

10

## Address

Bell Street  
Dundee  
DD1 1HG
