

Psychology

Abertay University

Content

Develop your scientific understanding of human behaviour and tailor your studies to suit your interests on this flexible degree.

You'll discover how actions, interactions, thoughts and feelings influence our behaviours. Then you can put your learning into practice with a work placement. You'll graduate with a profound understanding of how much psychology affects our everyday life, and a valuable set of interpersonal skills.

The accreditation by the British Psychological Society (BPS) is essential if you want to become a Chartered Psychologist. Successful graduates can apply for further professional training.
