

Sport Nutrition

University of Stirling

Venues

Stirling Campus

Content

This Masters degree focuses on the science behind sports nutrition, and is designed specifically for students who already have an International Olympic Committee (IOC) Diploma in sports nutrition and want to further their knowledge.

To complete the course, you'll be asked to plan, conduct and write a research project in Sports Nutrition, and you'll receive high-quality training and support from our expert staff as you study. By the time you graduate, you'll have an even greater knowledge of sports nutrition and a clear understanding of how to put your research into practice.
