Civil Engineering

Glasgow Kelvin College

Venues

Springburn Campus

Content

The HNC Civil Engineering (Day Release) is designed for individuals employed within the construction or engineering sectors who want to enhance their technical knowledge and progress in their careers.

This qualification provides the essential academic foundation for Technician Engineer roles and builds the practical and analytical skills required across modern civil engineering. It's ideal for those working with contractors, consulting engineers, or local authorities who are looking to formalise their experience with a recognised qualification.

Core Topics Include:

Civil Engineering Technology, Materials & Testing; Contract & Project Management; Construction & Site Surveying; Structural Mechanics; Geotechnics & Highways; Computer-Aided Design (CAD); Mathematics for Civil Engineers.

Start Date

August

Qualification

HNC
