Steps Into Science (Level 5)

Glasgow Kelvin College

Venues

Springburn Campus

Content

This one-year, full-time course is designed for learners who already have some basic science knowledge and want to progress to the next stage of their education. You'll complete National 5-level units across the main scientific disciplines, developing both theoretical understanding and hands-on practical skills.

The course includes Biology, Chemistry, Physics, Mathematics, and Communication, helping you identify which areas of science most excite you for future study. You'll also work on investigation skills, research, and report writing - all essential preparation for further science or engineering courses.

Subjects Include: Biology, Chemistry, Investigation Skills, Mathematics, Computing, Communications, Study Skills, Physics.

Start Date

August

Qualification

NQ

Study Method

Full time
