

Access to Science, Technology, Engineering and Maths (SWAP)

Ayrshire College

Venues

Kilmarnock Campus

Content

This course is mainly units from Higher Chemistry, Higher Physics and Higher Maths, with some supporting subjects to help you prepare for a future career in STEM. It also offers a significant practical element, so expect plenty of 'hands on' experience in the lab.

You will:

develop a strong foundation in Higher Chemistry, Physics, and Maths; focus on practical, hands-on experience in the lab; enhance skills in ICT and communication; explore Chemistry, covering Chemical Changes and Structure, Nature's Chemistry, and Chemistry in Society; dive into Physics, exploring Electricity, Our Dynamic Universe, Particles and Waves, and Researching Physics; develop Mathematical reasoning skills in areas such as Expressions and Formulae, Relationships and Calculus and Applications of Higher Mathematical thinking; build essential transferable skills in communication, numeracy, ICT, teamwork, and problem-solving.

Start Date

August

Qualification

Access to FE/HE

Study Method

Full time

Course Length

1 year

Department

Science

Entry Requirements

No formal entry requirements. A place on the course is subject to an interview process.

SCQF Level

SCQF Points

«SCQFPoints»

Progression Routes

Progression onto an HNC/D or degree level courses, including Engineering Academy in partnership with Strathclyde University.
