

Biology

University of Aberdeen

Venues

Foresterhill Campus

Content

The degree in Biology requires you to develop a broad understanding of the nature of living things, from molecules and cells to organisms and populations, communities and biomes but, crucially, it also allows you to become a specialist in the area that is of most interest to you. Your courses (modules) will give you an excellent foundation in the theory and practical elements behind the study of life and provide you with the technical skills to pursue your own interests through your project work.

Year 1:

Frontiers in Biological Sciences; Diversity of Life 1 and 2; The Cell; Ecology and Environmental Science.

Year 2:

Introduction to Genetics; Biological Enhanced Skills Training (BEST); Ecology; Plants, People, and the Environment; Fundamentals in Marine Biology; Comparative Physiology; One of the following field courses: Field Skills in Ecology and Animal Behaviour; The Living Landscape; Coastal Biodiversity; Field Biology; Marine Field Ecology.

Year 3:

Statistical Analysis of Biological Data; Animal Evolution and Biodiversity; Plant Environment Interactions; Environmental Physiology; Ecological Genomics or Population Ecology.

Year 4:

In year 4, the Honours year, you will carry out a research project as well as writing an extended essay and completing four courses of your choosing.

Start Date

September

Qualification

Degree

Study Method

Full time

Award Title

BSc Hons

UCAS Code

C100

Course Length

4 years

Faculty

Life Sciences and Medicine

Department

Biological Sciences

Entry Requirements

2027 entry requirements:

Standard entry:

4 Highers at BBBB including 2 maths or science subjects plus English and Maths at National 5.

For second year entry you would require 2 Advanced Highers at AB.

Widening access entry:

3 Highers at BBC including 2 maths or science subjects plus English and Maths at National 5.

1 Foundation Apprenticeship is accepted in place of a non-essential Higher.

SCQF Level

10
