Venues

Old Aberdeen Campus

Content

Physics challenges our imaginations with concepts like relativity and string theory, and it leads to great discoveries about how the world works. Discoveries in Physics make possible technological innovations like transistors, the microchip, computers and lasers, which in turn change our lives. Physics encompasses the study of the universe from the largest galaxies to the smallest subatomic particles.

Year 1: The Physical Universe A; The Physical Universe B.

Year 2: Light Science; Dynamical Phenomena; Practical Optics and Electronics; Relativity and Quantum Mechanics.

Year 3: Energy and Matter; Introduction to the Solid State; Research and Computing Skills; Advanced Practical Skills; Quantum Mechanics; Electricity and Magnetism.

Year 4: Project; Case Studies in the Physical Sciences; Statistical Physics and Stochastic Systems.

Start Date

September

Qualification

Degree

Study Method

Full time

Award Title

BSc Hons

UCAS Code

F302

Course Length

4 years

Faculty

Physical Science

Department

Natural and Computing Sciences

Entry Requirements

2025 entry requirements

Standard entry:

4 Highers at BBBB (by end of S5) including two maths or science subjects by end of S6 plus English, Maths and Chemistry or Physics at National 5. Those with Highers at BBB by end of S5 are encouraged to apply.

For second year entry you would require the above plus 3 Advanced Highers at ABB including two maths or science subjects at AB or BA.

Widening access entry:

2 Highers at BB (by end of S5). Additional Highers/Advanced Highers in S6.

1 Foundation Apprenticeship is accepted in place of a non-essential Higher.

SCQF Level

10
