Content

Designed by industry professionals, this skills-led honours degree aims to help graduates progress to the forefront of the sector and have sustainable and rewarding careers.

Our lecturers are experienced, research-active professionals. Audio engineering is a fast changing industry and this course will equip you with the necessary skills. This course offers you the chance to choose your own specialism within the industry such as live events, broadcast, music recording or game audio, offering you a unique and rewarding experience.

The course is industry accredited by the Joint Audio Media Education Support (JAMES) representing the Association of Professional Recording Services (APRS), the Music Producers Guild (MPG), UK Screen and associate industry bodies. This provides assurance to you and employers of the course's potential and value.
