

Sound Production

West College Scotland

Venues

Greenock (Finnart Street) Campus
Paisley Campus

Content

This course will give you the opportunity to develop a variety of skills within the Creative Audio Industry. You will also study Audio Post Production, giving you the opportunity to gain skills that are relevant in other Creative Industries such as film and television.

You will be producing, recording, editing, and creating sound at our new studio facility and lab. You will have numerous opportunities to record artists and you will also gain experience at our live Music events in venues such as St Luke's in Glasgow and the Beacon Arts Centre. We also provide location recording experience in venues such as Paisley Abbey. Currently we are progressing to be the only recognised Steinberg campus.

This course includes:

Multi-tracking Recording and Mixing; Digital Audio Workstations; Sound for Live Events; Skills for Business; Audio Post Production; Audio Skills, ProTools 101.
