

Finance

University of Strathclyde

Content

If you're already working in the finance industry, our MSc Finance will enhance your effectiveness in your current role. We'll explore the latest developments in the field and encourage you to question traditional rules and techniques and take an analytical approach to practical problems.

The programme will provide you with: a broad understanding of financial theory and analysis; equip you with an awareness and understanding of financial markets and institutions in the context of the global economy a working knowledge of accounting information and its use in financial decision-making and analysis; working knowledge of current issues in corporate finance; an appreciation of the general role of quantitative methods in finance; the ability to apply the analysis developed in the course.
