

Finance (Combined)

University of Strathclyde

Content

Year 1: introduction to the basic principles of investment and value, valuation of bonds and shares, investment decisions in business companies and accounting methods.

Year 2: topics include domestic and international financial decision-making and policies in business, risk and return and pricing of company shares and the efficiency of financial markets; develop an understanding of financial statements, the banking system, and statistical and econometric methods.

Year 3: classes build on Year 2 and cover advanced issues in corporate finance, the banking system, and risk management, using for instance derivatives to help companies manage exchange rate risk.

Year 4: you can specialise in Finance as a Single Honours subject and write your research dissertation in Finance; alternatively you can continue with a Joint Honours degree in Finance and your other principal subject, and write a dissertation in either Finance or your other subject.
