

Performing Engineering Operations

Argyll College UHI

Venues

Lochgilphead Centre and CERC

Content

The SVQ at SCQF Level 5 Performing Engineering Operations course is highly practical and is designed to prepare candidates for employment or a Modern Apprenticeship in engineering. Candidates will develop a wide range of skills in engineering practice while gaining knowledge and appreciation of health and safety and employability issues.

The course will be delivered full time in the dedicated engineering workshop at the college's Construction, Engineering and Renewables Centre in Lochgilphead.

Suitable candidates may also have the opportunity of an engineering-related work placement during the course.

Start Date

Contact institution

Qualification

SVQ

Study Method

Full time

Award Title

at SCQF Level 5

Course Length

1 year

Department

Energy, Engineering and Construction

Entry Requirements

No formal entry requirements, although applicants should have a keen interest in engineering.

SCQF Level

5

Progression Routes

This course is a pre-requisite for a number of engineering Modern Apprenticeships, and successful candidates may also progress to further study or a range of careers in a wide range of engineering disciplines.

Address

West Bay
Dunoon
PA23 7HP
