Content

Advance your accounting career with the HND Accounting SCQF Level 8. This qualification deepens your knowledge in areas like financial reporting, auditing, and management accounting. Perfect for those aiming for senior roles, it offers practical skills, industry insights, and a strong foundation for further academic or professional development.

The HND Accounting program is designed to provide a comprehensive understanding of accounting and finance principles:

Financial Reporting and Analysis: Preparation of financial statements for organisations. Interpretation of financial data to support business decisions.

Management Accounting: Budgeting, cost analysis, and performance evaluation techniques.

Taxation: Fundamentals of personal and business tax, including compliance and calculations.

Auditing: Principles of internal and external auditing practices.
