

## Mathematics Unit 1: Expressions and Formulae (National 4 Unit)

North East Scotland College

### Venues

Off campus

### Content

This Unit forms part of the National 4 Mathematics Course but can also be studied as a stand along unit. The National 4 qualification enables learners to select and apply straightforward mathematical skills in a variety of mathematical and real-life situations. Learners interpret, communicate and manage information in mathematical form.

The general aim of this Unit is to develop skills linked to straightforward mathematical expressions and formulae. These include the manipulation of abstract terms, the simplification of expressions and the evaluation of formulae. The Outcomes cover aspects of algebra, geometry, statistics and reasoning.

### Start Date

Flexible

### Qualification

Other

### Study Method

Distance and Flexible learning

### Course Length

2 months

### Department

Highers, National Qualifications and Units

### Entry Requirements

You will require completion of a National 3 Lifeskills Mathematics Course, relevant component units or an equivalent course.

## SCQF Level

4
