

Mathematics Unit 4: Value Added Unit (National 4 Mathematics Test)

North East Scotland College

Venues

Off campus

Content

This Unit forms part of the National 4 Mathematics Course. The National 4 qualification enables learners to select and apply straightforward mathematical skills in a variety of mathematical and real-life situations. Learners interpret, communicate and manage information in mathematical form.

This Unit is the Added Value Unit of the National 4 Mathematics course, and aims to enable the learner to provide evidence of added value for the National 4 Mathematics Course through successful completion of a test. The test will allow students to demonstrate the breadth of their knowledge.
