

Human Anatomy

University of Dundee

Venues

City Campus

Content

Join the anatomy course in Dundee's Queen's Award winning centre and dissect Thiel embalmed bodies, which are flexible and mimic the real life situation.

The advantages of coming to Dundee include the following:

the use of Thiel cadavers: a fantastic opportunity to study gross anatomy in a highly functional context due to their flexibility and realism; the ability to combine your anatomy course with a variety of associated skills (anatomical preservation techniques, medical education); and the opportunity to carry out self-directed original research in an anatomical field.

Start Date

September, January
