

# **Mechanical Engineering (Level 6)**

City of Glasgow College

#### **Venues**

**Riverside Campus** 

#### Content

This course allows students to develop technical engineering skills in regards to mechanical engineering. You must have a sound knowledge of Maths.

The course is structured to include a significant practical 'hands-on' element as well associated theory units. You'll have the use of the colleges extensive engineering equipment which includes a fully functional mechanical workshop and specialist labs. You'll be taught by highly qualified lecturers who have a wealth of experience within the engineering industry.

Subjects include: Technician Level Maths; Dynamics; Statics; Thermofluids; Computer Aided Design Draughting; Pneumatics and Hydraulics; Strength of Materials; Communications; Engineering Information Technology.

#### **Start Date**

August

### Qualification

NC

#### **Study Method**

Full time

### **Course Length**

1 year

### **Department**

Engineering

### **Entry Requirements**

Maths and a science or technological subject at National 5. Interview.

### **SCQF Level**

6

# **SCQF Points**

«SCQFPoints»

## **Progression Routes**

Relevant HNC or apprenticeship

### **Combination Courses**

«htmlCombinationCourse»

«htmlCombinationUCASCode»

### **Address**

City Campus 190 Cathedral Street Glasgow G4 ORF
