

Creative Media Production (Level 6)

Edinburgh College

Venues

Milton Road Campus

Content

Get started in the media. Learn camera skills, editing, writing, graphic design, sound recording and lighting. The course is a full time, project-based and will introduce you to the fundamentals of media production in the three main areas of the industry – technical, production and creative. You will gain practical experience in researching, planning and producing content for podcasts, websites, social media, advertisements, short film and television programmes.

Through developing your own projects you'll gain insight into the creative process and standard industry procedures with the eventual aim of acquiring a job in the industry.

This course is an ideal foundation for HND Television and also offers progression into other Creative Industries courses.
