

Textiles (specialising in Weave and Print) (in conjunction with Heriot-Watt University)

Glasgow Clyde College

Venues

Cardonald Campus

Content

This is a unique and highly creative Associate Degree Programme that is directly linked into year 3 of the Woven and Printed Textile Pathways at Heriot-Watt University. Students will be dual enrolled at both institutes and will be based at the Cardonald Campus for the first two years of the course where they will follow a discreet HND Textile programme focusing on woven and printed textiles. At the end of year 2 students will transfer to Heriot-Watt University Galashiels Campus to complete year 3 and 4 of the degree, where they will specialise in one of the pathways.

You will study:

Sketch book development and exploration; Design development and research; Drawing and media exploration; Surface decoration and fabric manipulation; Printed Textiles; Woven Textiles; Setting up warps; Yarn and fibre research and development; Colour and proportion development; Photoshop and Illustrator skills to develop the design process; Creative research and its context in design;

Live industry awareness projects in collaboration with high profile companies; Sustainability; Promotional and marketing skills; Communication skills.
