

Applied Sciences (Level 5)

Glasgow Clyde College

Venues

Cardonald Campus
Langside Campus

Content

The NQ Applied Sciences (Level 5) course builds on the understanding gained in National 4 chemistry and biology. Through the course, you will be introduced to a range of laboratory skills and take part in work-related activities. Successful completion of this course will provide you with the skills and knowledge you will need to progress to NQ Applied Science (Level 6).

If you are looking for an exciting and varied career in the sciences, then this programme could be a great place to start developing the skills you will need.

You will study:

Biology units; Chemistry units; Mathematics for science; Physics units; Practical laboratory skills; Science report writing skills.

Start Date

August

Qualification

NQ

Study Method

Full time

Course Length

1 year
