City Campus

Content

We live in a world where economic activity is global in scale. National boundaries now matter very little to decisions about where goods are made and services provided: your PC might be made in Taiwan; when you contact a call centre the person answering might live in India; and when you come to the University of Dundee you will meet staff and students from all over the world.

By studying international business you will understand how this has come about, and what it means for today's business world. You will be fully equipped to develop your own career in this new and challenging work environment.

We offer various degree pathways, allowing you to combine your study of International Business with a particular area of interest such as e-commerce, marketing or international finance. We offer both MA and BSc options, and either may be undertaken in combination with one of subjects set out below. In particular, you may combine your study of business with a modern language throughout the four years of your degree.

Start Date

September

Qualification

Degree

Study Method

Full time

Award Title

BSc Hons

UCAS Code

N120

Course Length

4 years

Faculty

School of Business

Department

Economics

Entry Requirements
